Subject: Board of SUpervisors Concerns - May

Jerry,

These are the concerns that arose at the May BOS meeting:

1) **Boykins-Branchville District** – Mr. Faison has continued concerns regarding the spot on Number 8 Schoolhouse Road (a steep drop-off) – can you have Ben check with Mr. Faison {757-654-9697 (H)} to make sure they're looking at the same spot? Also, it may be a railroad issue, but Mr. Faison noted that the CSX crossing on The Hall Road south of Branchville is in poor condition. If it's a railroad issue, can you contact CSX?
2) **Berlin-Ivor District** – Mr. West would like someone to contact him so that he can point out some issues in his District {757-242-6014 (H) and 757-506-6657 (M)} – he noted some drop-offs in the pavement along 635 and 620, some bushes encroaching on the ROW on 635 and several general mowing concerns.
3) **Jerusalem District** – Mrs. Felts noted that Johnsons Mill Road just north of her house now has a "washboard" effect in it – she says it sounds much like the raised lines on primary highways alerting motorists of a speed limit reduction every time a car passes;
4) **Newsoms** – Mr. Brown advised that the shoulders are very soft along portions of Sunbeam and Monroe Road(s) – can you please contact him at 757-334-5510 (M) to confirm the specific spots?

Thanks as always for your prompt attention to these issues. Please follow-up with me by June 21 so that I can report back at the June meeting.

Best regards,
Mike
