Subject: RE: Highway Issues from January BOS meeting

Mike,

Here are the responses from the super in charge. Will monitor as we work around this inclement weather.

Joe,

Here are the responses.

Three Bees- will repair potholes this week

General Thomas Hwy-will check on today and schedule repairs

Tree issues- I am still waiting for tree removal contractor to return to my area. These trees have been on my list for several months but the contractor is working in other areas.

Cross drain repairs are scheduled but have been held up due to weather. We will repair as soon as possible

Cross keys needs asphalt to permanently fix. Again, a weather issue and will be handled as soon as weather allows

I will talk to Leon and see if they can cover graffiti. This is an ongoing problem at this location.

Thanks,

Ben

Ben Bryant, Jr.

Subject: Highway Issues from January BOS meeting

Jerry/Joe,

These are the issues that were reported to me by Board members last Monday night:

- 1) **Boykins District** – Supervisor Faison inquired when the final paving will be done on Cross Keys Road where the culverts were replaced.
- 2) **Newsoms District** – Supervisor Updike shared the following:
 - a) **Three Bees Road** – there are 3 potholes on the road;
 - b) **Barnes Church Circle** – damaged culverts are marked but not fixed – 2 near the bridge;
 - c) **General Thomas Highway** – there's a hole on the shoulder near the SPSA transfer station on the Boykins end;
 - d) **Sands/Statesville** – there's a dead pine tree on the ROW that needs to be removed; and
 - e) **Sands Road** – there's a leaning tree across from Michael Drake's house at 31251 Sands Road.

Ben may want to contact Supervisor Updike directly regarding the specific locations.

In addition, Merritt Raiford stopped by the office last week and advised me that there is vulgar graffiti spray painted on the bridge on Clayton Road.

As always, thanks for your help.

Best regards,
Mike
