

10. WESTERN TIDEWATER FREE CLINIC

The Western Tidewater Free Clinic has requested a few moments on your agenda to provide you an update on their activities. The presentation will be given by Dr. Patsy Joyner, one of their Board members and a Southampton County resident.

Since opening its doors in June 2007, the Western Tidewater Free Clinic has served 2,884 patients, 13% of whom are Southampton County residents.

In order to meet eligibility requirements, patients must have no health insurance and live at or below 200% of the federal poverty level (for a family of four, this would be an annual income of \$46,100).

Southampton County included \$9,000 for the Western Tidewater Free Clinic in its FY 2014 annual budget.

Mission

We provide high quality, non-emergency health care to the residents of Western Tidewater (Suffolk, Franklin, and the counties of Isle of Wight and Southampton) who cannot otherwise afford it.

Vision

Our vision is a healthy community where all people will be inspired and enabled to make healthy lifestyle choices, to use preventive health care, and to access resources to live in a safe and wholesome environment.

Values

Our core values are excellence, unity of purpose, respect, diversity, integrity, and stewardship of all resources.

Five Years... Staying the Course

Left: *Miriam A. Beiler,
Executive Director*
Right: *Stephie G. Broadwater,
Chair, Board of Directors*

Dear Friends,

In June 2012, we celebrated the Clinic's five-year anniversary. As far back as 2004, many of you were involved and supportive when a group of visionary, compassionate and determined individuals joined together to plan a free clinic to meet the needs of the uninsured residents of Western Tidewater. Our dream became a reality when Western Tidewater Free Clinic opened its doors in June 2007 in a small building on Godwin Boulevard.

In the first six months, the Clinic served 424 patients with a small staff, many volunteers and generous donors. Since then, the number of patients served has continued to expand, and by the end of 2012, 2,884 patients had received medical, dental and other healthcare services. This explosive growth was enabled by steadfast volunteers, partnerships with other healthcare providers and financial contributions from our community.

Another major factor in the Clinic's growth was the acquisition and renovation of a much larger facility on Meade Parkway in 2009, thanks to the Obici Healthcare Foundation and other donors. With four times our original square footage, we have added a dental suite, more examination rooms, a pharmacy and other key services for our patients. As we look back over the last five years, we are grateful for the many ways in which you have supported the Clinic's mission and patients.

Looking forward, we will continue to increase the number of patients served as long as we have the resources needed to provide the comprehensive, coordinated care our neighbors deserve. We are never

without a waiting list of uninsured residents seeking health care.

And yet, the impact of the Affordable Care Act in Virginia is still uncertain. Research and predictions by healthcare "think tanks" indicate that many people will remain uninsured for a number of years. As the future of healthcare options becomes clearer over the upcoming years, we will continue to evaluate how best we can serve the most vulnerable members of our community.

*We do know, with certainty, that thousands of
Western Tidewater residents need care now and will
continue to need care in the foreseeable future.*

We plan to be here for them, and we trust that you will stay the course with us as long as we have uninsured, underserved neighbors lacking access to basic health care. We are indeed blessed to have you as part of the Clinic's team in providing health and hope to those most in need.

With heartfelt appreciation,

A handwritten signature in black ink that reads "Miriam A. Beiler".

Miriam A. Beiler, Executive Director

A handwritten signature in black ink that reads "Stephie G. Broadwater".

Stephie G. Broadwater, Chair, Board of Directors

2012 Volunteers

Volunteers are critical to the successful operation of WTFC. Since our opening, volunteers have donated 67,252 hours to improve the health and lives of our patients—a market value of \$2.4 million!

Amy: Life-Changing Transformation

“The most amazing thing in the world happened to me last year. I came into the Clinic hopeless and physically a mess. Now my life has been completely changed.”

When Amy came to see us, she had lost her smile. A host of medical and dental issues—including diabetes, hypertension, hypothyroidism, and severe periodontal disease—had taken their toll. At 32 years old, she rarely smiled, had limited eye contact, and was an emotional and often sad young lady.

After being stabilized medically at Western Tidewater Free Clinic, Amy was referred to the dental clinic. Due to the severity of her tooth decay, all of her remaining teeth were extracted. Six months later, after multiple extractions and time to allow her gums to heal, Amy received a full set of Larell dentures.

Because of donor support and the Clinic’s ability

to provide this service in-house and at a reduced cost, Amy has her smile back. With her diabetes and blood pressure well under control, we are reminded of the impact the Clinic has on people’s lives. Amy’s smile is in her eyes, in her voice, and in the way she carries herself. And, after several years of unemployment, she now has found a job!

Sometimes it is hard to believe that the happy, healthy, and self-confident person we see today was once a tearful and shy young woman, plagued with chronic disease. Good health does make a difference! We love to see our patients smile.

Clinic Highlights

Patients Served

Roughly 95% of services are treating and managing chronic illnesses such as hypertension, heart disease, and diabetes. These conditions require on-going treatment, management, medications and education.

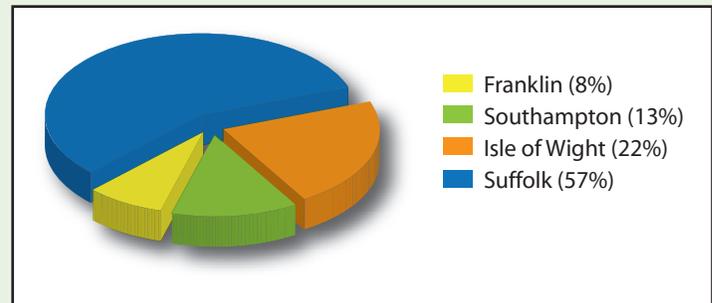

Current Services

- Primary medical care
- Dental care
- Care coordination and case management
- Laboratory and diagnostic testing
- Prescription medications
- Mental health counseling
- Physical therapy and speech therapy
- Women's health services
- Access to hospital services, including surgeries, chemotherapy, radiation, and wound care
- Access to specialists either at WTFC or in the specialist's office

Medication Assistance Program

Since the 2007 inception of the Medication Assistance Program, over 2,300 patients have received approximately 76,180 free medications with a retail value of more than \$11.2 million (total reflects numbers through 2012).

Patients Enrolled by Service Area

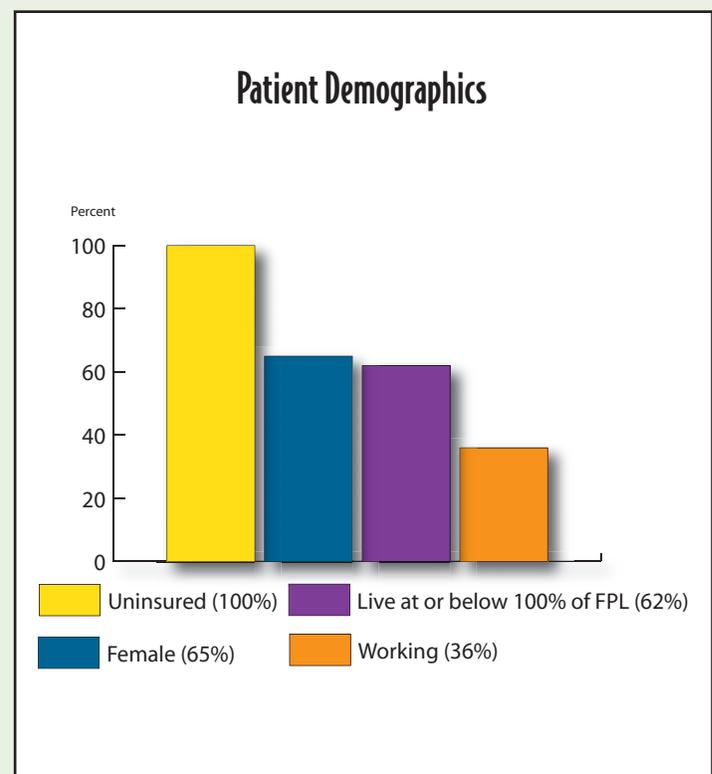

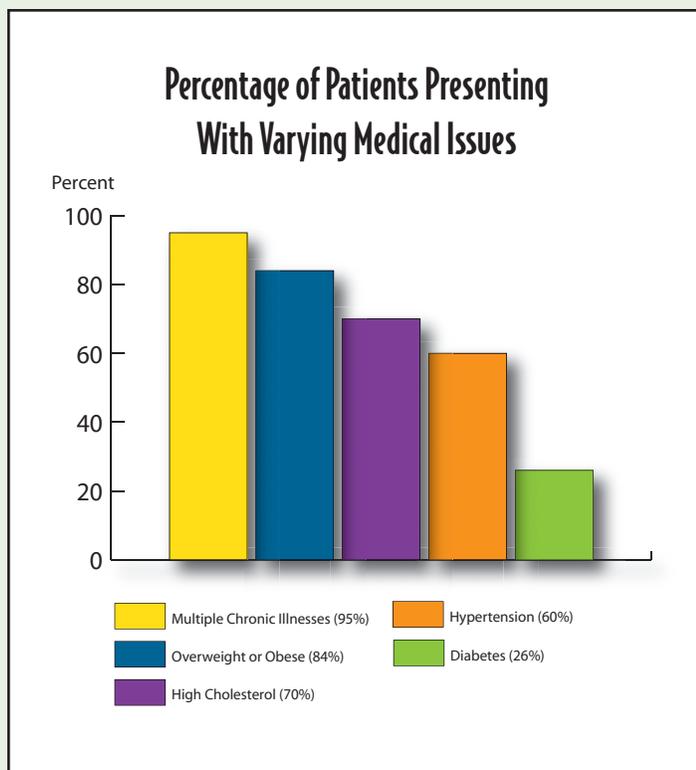

Patient Demographics

- 81% are over the age of 40
- 65% are women
- 36% are working full or part-time, many with more than one job
- 88% live at or below 150% of the Federal Poverty Level. (For a family of four, this would be an annual income of \$34,575 or below.)

To be eligible for services, patients must:

- Live in Western Tidewater and have no health insurance
- Live at or below 200% of the Federal Poverty Level (family income for four = \$46,100 or below)

Once eligibility has been confirmed, an appointment with the medical team is made within one week. On average, the Clinic added 45 new patients each month during 2012.

Opportunities

NAP Credits Available

The Neighborhood Assistance Program (NAP) encourages partnerships between the private and public sectors to assist the economically disadvantaged. The Commonwealth of Virginia program provides an incentive to encourage individuals to participate with non-profit entities. For more information, contact Executive Director Miriam Beiler at 757-923-1060, ext. 7001 or mbeiler@wtfreeclinic.org.

Matching Funds

Many companies offer a program that will match your donation to Western Tidewater Free Clinic. We are thankful to have received several matching donations recently. Most often all you will need to do is complete a form and turn it in to either your company or to our office when you send in your personal donation. The following website has a list of some companies that have a matching gift program: <http://www.privateerlynx.com/donationmatching.html>. Check with your company to see if they have a matching program.

Speakers' Bureau

Are you a member of a civic group, club, Sunday school class, or other group that might host a speaker from time to time? We would love to come and share the Clinic's story, mission and programs with you. Individuals and small groups can also learn more about the clinic by arranging a "behind-the-scenes" tour of the Clinic. For information or to schedule a speaker or a tour, contact Alyson Miles amiles@wtfreeclinic.org or at 757-923-1060, ext. 7012.

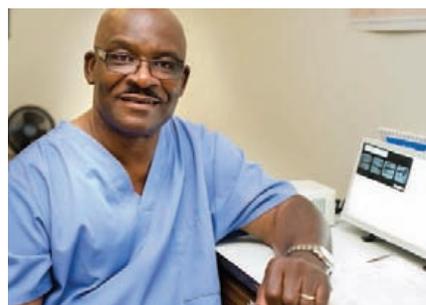

United Way

Please consider designating Western Tidewater Free Clinic to receive a portion, or perhaps all, of the funds you contribute to the United Way. The Clinic received United Way certification in May of 2011.

Legacy Giving

Legacy gifts provide future support for a charity. Please consider this timeless and foresighted way to support and sustain Western Tidewater Free Clinic. If you have already included the Clinic in your estate plans, or for more information, contact Miriam Beiler at mbeiler@wtfreeclinic.org or 757-923-1060, ext. 7001.

According to the Virginia Association of Free Clinics, for every \$1.00 spent, free clinics provide at least \$6.00 of medical care to patients.

Top: Director of Development Texie Marks, Volunteers Nancy Verdirame, Dr. Joe Verdirame, and Jane Schaubach share a moment of cheer at the volunteer Christmas party. Middle left: Staff Dentist Dr. Ernest Knight has been with the Clinic since January 2012. Middle right: Board Member Patsy Joyner is an invaluable Clinic volunteer. Bottom: Medical Assistant Chynita Motley takes a break during a busy clinic day.

5 Year Timeline

2007

Suffolk Partnership for a Healthy Community recognized the need for a free clinic and developed a plan for the Western Tidewater Free Clinic.

A site was selected, and a ranch house at 3000 Godwin Boulevard was renovated to become the Clinic, opening on June 21, 2007. Four hundred patients were treated by the end of 2007.

Funding to staff the pharmacy Medication Assistance Program was received in 2007.

Nearly one hundred individuals volunteered in the Clinic in 2007. Financial contributions and in-kind gifts were donated by 226 individuals, businesses, foundations, civic groups, faith-based groups, and municipalities.

2008

Western Tidewater Free Clinic (WTFC) obtained 501(c)3 status and established an independent Board of Directors, representative of all areas served.

WTFC outgrew the clinic space and added a mobile trailer for office space.

Limited dental services were provided with the Operation Blessing dental van.

2009

Funding from Obici Healthcare Foundation and other donors was received to purchase and renovate the 8400 square foot facility at 2019 Meade Parkway, which provided four times the amount of space that was available in the old facility.

WTFC moved into the new facility in September 2009. Many volunteers and donations supported this milestone event.

WTFC became a member of the Virginia Association of Free Clinics.

A donor database to improve management of donor and volunteer information was purchased.

e 2007 - 2012

2010

2011

2012

WTFC opened a two-chair Dental Clinic with the support of volunteer dentists, hygienists, and dental assistants.

A comprehensive coordinated Women's Health Program was developed to improve screening, diagnostic and treatment services.

A small on-site pharmacy was established to improve timely access to medications.

WTFC became practice site for EVMS medical students and residents.

Continued growth resulted in WTFC's becoming one of the fastest growing free clinics in Virginia, according to Virginia Association of Free Clinics.

Funding was received to hire a part-time dentist to increase the number of dental patients treated.

WTFC's Fifth Year Anniversary was celebrated with thanks to the many individuals and organizations who created this wonderful health home to provide "helping hands, health, and hope."

"Never doubt that a small group of thoughtful, committed people can change the world. Indeed, it is the only thing that ever has."

— Margaret Mead

2012 Honor Roll of Donors

Donors are an essential part of Western Tidewater Free Clinic's mission to provide high quality health care to residents unable to medically provide for themselves. Because of you, we are able to care for the hundreds of individuals who turn to us.
