P.O. Box 400  
Courtland, Virginia 23837

Dear Mr. Johnson:

The Department of Environmental Quality has received three applications to withdraw ground water in the Eastern Virginia Ground Water Management Area. Part V of the Virginia Ground Water Withdrawal Regulation requires that the Department of Environmental Quality send a notice of each draft permit to each local governing body located within the ground water management area where the proposed withdrawal will occur.

In accordance with this section, please find the enclosed notices: Chippokes Plantation State Park that will be advertised in the Sussex-Surry Dispatch on Wednesday May 4, 2011, and Cedarwood and Rt. 301 Water System, both of which will be advertised in The Prince George Journal on Thursday May 5, 2011. Additional information on the permit applications may be obtained by contacting me.

The Department will accept comments concerning the proposed issuance of these draft permits for thirty days. All comments must be received by 4 p.m. on June 3, 2011 regarding the Chippokes Draft and by 4 p.m. on June 6, 2011 regarding the Cedarwood and Rt. 301 Drafts.

Sincerely,

Public Notice – Environmental Permit

**PURPOSE OF NOTICE:** To seek public comment on a draft permit from the Department of Environmental Quality for the withdrawal of ground water in Surry County, Virginia.

**PUBLIC COMMENT PERIOD:** May 4 to June 3, 2011.

**PERMIT NAME:** Ground Water Withdrawal Permit issued by DEQ, under the authority of the State Water Control Board

**APPLICANT NAME, ADDRESS AND PERMIT NUMBER:** Virginia Dept. of Conservation and Recreation – Div. of State Parks.; 203 Governor Street, Suite 306, Richmond, Virginia 23219: GW0008400

**NAME AND LOCATION OF WATER WITHDRAWAL:** Chippokes Plantation State Park, 695 Chippokes Park Rd, Surry, Virginia 23883

**PROJECT DESCRIPTION:** The Virginia Department of Conservation and Recreation has applied for a permit for the Chippokes Plantation State Park in Surry County, Virginia. The permit would allow the applicant to withdraw an average of 16,526 gallons per day. The ground water withdrawal will support the activities and services within the Park. The proposed withdrawal will utilize the Upper Potomac aquifer at a depth between 336 feet to 450 feet below the land surface at the withdrawal site. A minor withdrawal from the water table aquifer to support farm related activities will also be included. An aquifer is a body of rock or layer of sediment in the ground in which ground water is stored and transported. DEQ has made a tentative decision to issue the permit. The permit will be issued to Virginia Dept. of Conservation and Recreation – Div. of State Parks which will be the owner and operator of the system.

**HOW TO COMMENT:** DEQ accepts comments by e-mail, fax or postal mail. All comments must be in writing; contain a brief statement on how the proposal affects the person commenting, other users or the aquifer; and be received by DEQ during the comment period. The public also may request a public hearing. If a public hearing is requested, the written comments should include the reason for holding a hearing and related factual concerns. DEQ may hold a public hearing, including another comment period, if public response is significant and there are substantial, disputed issues relevant to the proposed permit. The public may review the draft permit and application at the DEQ office named below.

#### Re: Failure to Collect Required Bacteriological Sample

Dear Mr. Pearson:

This notice is to advise that you may be in violation of §12 VAC 5-590-370 of the Commonwealth of Virginia *Waterworks Regulations* for failure to complete the required monitoring of the bacteriological quality of water your waterworks serves to consumers. According to our records, one routine water sample was required during the calendar quarter of January through March 2011 and none was collected, analyzed, or reported. If you have results of a sample having been analyzed, please forward those results to this Office.

#### Required Actions

Public Notice: Section §12 VAC 5-590-540 of the *Waterworks Regulations* requires you to notify consumers that the prescribed monitoring was not performed, as follows:

- You must provide notice to consumers within one year of receipt of this letter.
- Your notice to consumers must be posted in conspicuous locations throughout the area served by your waterworks, or directly delivered to the persons served by your waterworks.
- Posted notices must be readable and be protected by glass, plastic, or other suitable covering. Posted notices must be posted for a minimum of seven days even if the violation has been resolved, and must remain in place as long as the violation persists.

Mr. Peter Pearson

**Draft Notice:** Attached is a draft notice for you to provide to consumers. You may use this notice as is, or modify it to better meet your situation, as long as the information is accurate and the notice contains all of the required elements and mandated language. If you decide to change the notice, we suggest that you contact this Office to verify that your proposed changes meet the requirements of the *Waterworks Regulations*. Please insert the name, address, and phone number of a waterworks representative in the spaces provided on the draft notice.

**Public Notice Confirmation:** Within ten (10) days of completing public notification, you must provide this Office with a copy of the notice you distributed, along with signed certification of the distribution completion date and methods used. Failure to distribute public notice and report to the Virginia Department of Health may be a further violation of the *Waterworks Regulations*. A completion form is enclosed for your use.

**Follow-up Actions:** You must collect your regularly scheduled bacteriological sample during the next calendar quarter of April – June 2011.

If you have questions, please call me.

Sincerely,

Renée S. Hall

## NOTICE OF VIOLATION

SUBJECT: SOUTHAMPTON COUNTY  
Water - Town of Courtland  
PWSID No. 3175220

Mayor Danny Williams  
Town of Courtland  
22219 Meherrin Road  
P. O. Box 39  
Courtland, VA 23837

### **Re: Exceeding the Primary Maximum Contaminant Level for Fluoride**

Dear Mayor Williams:

This notice is to advise that you may be in violation of §12 VAC 5-590-410 of the *Waterworks Regulations* for exceeding the Primary Maximum Contaminant Level (PMCL) for fluoride. Test results of the quarterly water samples taken at the entry point of the Town of Courtland waterworks during the compliance period of April 1, 2010-March 31, 2011 indicate that the running annual average fluoride concentration calculated at 4.7 mg/L exceeds the PMCL for fluoride of 4.0 mg/L.

The Town of Courtland has entered into a voluntary binding agreement known as a Consent Order with the Virginia Department of Health. The Order contains a compliance schedule to resolve the ongoing exceedance of the fluoride PMCL standard. The Town of Courtland has met all milestones and deadlines established in the Order so far.

### **Required Actions**

**Public Notice:** The Federal Public Notification Rule characterizes this as a Tier 2 situation. You are required to notify consumers that the fluoride PMCL was exceeded, as follows:

- You must distribute a notice to consumers no later than 30 days of receipt of this letter.
- Your notice to consumers must be mailed or directly delivered to each customer receiving a bill, and to other service connections served by your waterworks.
- If your waterworks serves consumers who do not pay water bills, or who do not have service connection addresses (apartment dwellers, university students, or nursing home patients, for example) you must also use other delivery methods to provide notice to these consumers as well. Examples of other methods include (but are not limited to) notice publication in local newspapers, delivery of multiple copies to apartment buildings, or posting the notice in public places served by the system.

APR 22 2011

SUBJECT: SOUTHAMPTON COUNTY  
Water - Town of Courtland  
PWSID No. 3175220

- Until the violation is resolved, you must give a copy of the notice to all new billing units or new customers, before or at the time service begins.
- You must repeat distribution of the notice every three months, for as long as the violation persists.

**Draft Notice:** Attached is the draft notice that you are required to use for fluoride exceedance. Please note that the notice requires you to insert certain information before distribution to your customers. You may use this notice as is (after making the required insertions). If, after making the required insertions, you wish to change this notice in any manner, you must obtain approval from this Office before distribution.

**Public Notice Confirmation:** Within ten (10) days of completing public notification you must provide this Office with a copy of the notice you distribute, along with signed certification of the distribution completion date and methods used. Failure to distribute public notice and report to the Virginia Department of Health may be a violation of State and Federal Public Notification Rule. A public notification completion form is enclosed for your use.

If you have questions, please call.
