

2. HIGHWAY MATTERS

A. HIGHWAY CONCERNS

This is a quick summary of where we are with last month's concerns:

1. **Drewryville** – sufficient right-of-way exists to install a turn lane at Green Plains Road – they are now seeking to identify a source of funding;
2. **Jerusalem** – the ditches on Vlcksville Road have been cleaned;
3. **Capron** – the request for a sign on Southampton Parkway (westbound) for Bryants Church Road is still under review at the District Office;
4. **Newsoms** – final seeding on Sunbeam and Riverdale Road will be completed as soon as the weather breaks;
5. **Franklin** – CSX still has not cleaned the culvert beneath its tracks between Rose Valley Road and Rt. 58 – VDOT is calling them weekly. Beavers have been successfully trapped near Delaware Road and VDOT is working to destroy the dams they've built – once complete, it is expected to resolve the issue of ponding water on the roadway there;
6. **Berlin-Ivor** – please see the attached schedule for work items in the Berlin-Ivor District.

Also attached is the information Supervisor Brown requested regarding the number of miles included in the Adopt-a-Highway Program.

Please come prepared to share any new concerns you would like for me to communicate with the VDOT staff.
