

10. UPDATE ON VOTER REDISTRICTING

Mrs. Wright will provide a status report on the work of the Redistricting Committee and present the options that they've developed thus far in the process. Provided all goes according to schedule, we'll be publishing the Notice of Public Hearing for next month at your regular meeting (April 25), which should allow sufficient time candidates to file their declarations and petitions, and for the 60-day review by the U.S. Department of Justice and notification of voting changes prior to the August 23 primary election.

NO MOTION REQUIRED

The options that will be presented are the same as discussed at your retreat – the committee is working on one additional alternative prior to advertising for public comment.
