

**9. EXTENSION OF STATE SCENIC RIVER
DESIGNATION - NOTTOWAY RIVER**

Attached for your information please find official confirmation from the Department of Conservation and Recreation (DCR) that the Nottoway River qualifies for an extension in its designation as a State Scenic River from Cary's Bridge (where the designation currently ends) to its confluence with the Blackwater River south of Battle's Beach.

You may recall requesting DCR to survey the river for a possible extension of the designation last September.

In order for this to move forward, the Board will need to adopt a resolution of public support after conducting a public hearing. If the Board desires, we can schedule that public hearing for next month at your regular meeting.

MOTION REQUIRED

If the Board is so inclined, a motion is required to schedule the public hearing described above for Monday, September 27, 2010 at 7:00 p.m. or as soon thereafter as may be heard.
