

8. PLASTIC PESTICIDE CONTAINER RECYCLING PROGRAM

Attached herewith please find a copy of the Memorandum of Agreement for the 2010 Plastic Pesticide Container Recycling Program. Under the terms of the agreement, VDACS provides reimbursement up to \$1,875 to Southampton County for expenses associated with the program.

VDACS provides jet-rinse nozzles and granulation equipment which is operated with assistance by our Extension Agent and volunteers.

Southampton County pays for expenses including trailer purchase or rental, incentive gifts for farmers and other program costs and is then reimbursed for these expenses by VDACS.

Two enclosed truck trailers will be positioned behind the Extension Office for collection of containers. Neil Clark will inspect them to assure that they've been properly rinsed prior to granulation.

MOTION REQUIRED: A motion is required authorizing the County Administrator to endorse the attached Memorandum of Agreement.
