RECEIVED NOV 19 2010

The Honorable William T. Bolling
Lieutenant Governor
Commonwealth of Virginia
Building a Better Virginia
P.O. Box 8205
Richmond, Virginia 23226

**Re: Grant Application for Development of Mid-Atlantic Advanced
Manufacturing Center Mega site in Greensville County, VA**

Dear Lieutenant Governor Bolling:

We write you to express our collective disappointment in Greensville County's efforts to obtain grant funding from the Virginia Economic Development Partnership (VEDP) for continued development of the Mid-Atlantic Advanced Manufacturing Center (MAMaC) mega site. With regional unemployment ranging from nine to twelve percent, the MAMaC site represents an important regional economic development initiative that could transform the economy of south-central Virginia.

As you know, the site received certification in 2007 from McCallum Sweeny attesting to its suitability and high level of readiness to accommodate a major OEM manufacturing facility. This certification was based on factors that include: (1) extensive environmental assessment, (2) proximity to I-95, (3) access to CSX mainline rail service and (4) the Port of Virginia.

Because of its location and the considerable planning and design work that has already been completed, we believe that appropriate investments by the Commonwealth through sources such as the Virginia Tobacco Commission will generate faster economic return to the Commonwealth than less prepared sites. Moreover, the site is well positioned to help Virginia benefit further from foreign direct investment and the southeast's emerging "aerospace triangle" involving Rolls—Royce near Petersburg, Honda Aero near Burlington, NC, GE Aviation near Greenville SC and Boeing in North Charleston, SC.

It is our sincere belief that the MAMaC mega site is the Commonwealth's most competitive large-scale economic development opportunity. Accordingly, we look forward to hearing from you what steps the region make take to enhance future economic grants and initiatives to support the development of the MAMaC site.
