

## **7. STREETLIGHT REQUEST**

Mr. Randolph received a recent request to evaluate the Nottoway Gardens subdivision to see if it qualified for additional streetlighting under your adopted policy. He has visited the site, evaluated existing lighting conditions, and verified the existing residences. Based on your policy, Mr. Randolph has determined that one additional streetlight is warranted on an existing pole at 29418 Delaware Road. In addition to providing benefit to the requisite five residences, the light will illuminate the intersection of Delaware Road and Cherokee Drive.

A sketch is attached to illustrate the proposed location as well as a copy of your adopted streetlighting policy.

### **MOTION REQUIRED**

If the Board is so inclined, a motion is required to authorize installation of a streetlight on an existing pole in front of the residence at 29418 Delaware Road.
