RE: Refuse Discussions

Dear Mike and Doug:

At its meeting of February 22, 2010, the Franklin City Council addressed the issue of planning for the future disposition of refuse if the SPSA contract is not renewed in 2018. In that discussion, the City Council acknowledged that a decision about how to handle the disposition of future refuse after January, 2018 requires a decision on renewal of the SPSA agreement before 2014. In preparing for the 2014 deadline, the Council has directed me to contact Isle of Wight and Southampton Counties to explore establishing a committee of representatives from the three localities to begin a discussion to plan for future refuse disposal needs. Council member Barry Cheatham and I are the initial appointees to represent the City of Franklin.

I am asking that you bring this concept to the attention of your governing bodies to determine if they are interested in joining together to explore future refuse disposal and if so would they appoint representatives to serve on a committee. If a positive response is received from you, Franklin will set the initial meeting.

Sincerely,

June D. Fleming
